your employment interests and requirements.

Your professional education and your experience in intelligence work are, as you know, attractive assets and consideration of your application took this into account as well as the fact that your economic requirements would make your appointment at our normal entrance level impractical. However, as suggested to you, most of our recruitment is conducted at the junior officer level and our more advanced positions are ordinarily filled by the competitive promotion or reassignment of careerists in our service. Our reviews have not indicated the availability of an appropriate assignment for you among our immediate openings and there seems to be little reason to expect any significant change in this situation in coming months.

Your interest in Government service, and more specifically with this Agency, is appreciated and we regret that we have been unable to locate an opening which would take advantage of your talents and abilities. We shall keep your file for further consideration in the event some new requirement should develop and advise you should this occur. Since we have nothing definite in mind for you, however, you should feel free to explore other more immediate opportunities in other Government departments.

Sincerely,

Signed
